This hearing will be a prehearing conference to set future hearing dates and decide other procedural matters.

TIME: 9:00 a.m.

PRESIDING OFFICER: Administrative Law Judge Barbara Stump

LOCATION: Michigan Public Service Commission

The Michigan Public Service Commission (Commission) will hold a public hearing to consider The Detroit Edison Company's (Detroit Edison) February 4, 2002 application to unbundle its metered residential, commercial and industrial retail electric rate schedules into their separate distribution, transmission and generation components. The company proposes that the unbundling transmission component, as a FERC regulated service, be established as a separate charge to be included in its Rate Schedule B4.9. Further, the company proposes that the transmission service charge be subject to subsequent modification, subject to Commission approval, upon FERC-ordered changes. Customers will see no impact on their bills at this time.

The Commission has selected this case for participation in its Electronic Filings program. All documents filed in this case must be submitted in both paper and electronic versions. An original and four paper copies and an electronic copy in the portable document format (PDF) should be filed with the Commission. Any person wishing to intervene and become a party to the case shall file an original and four copies of a petition to intervene and an electronic copy in portable document format (PDF) with this Commission by March 26, 2002. The proof of service shall indicate service upon Detroit Edison's attorney, Mr. Jon Christinidis, The Detroit Edison Company, 2000 Second Avenue, Detroit, Michigan 48226.

A member of the public who wishes to make a statement of position without becoming a party to the case, may participate by filing an appearance. To file the appearance, you must

attend the hearing and advise the presiding administrative law judge of your wish to make a statement of position.
