CASE NO. U-13380 - NET
STRANDED COST RECOVERY

Dear Mr.Strong:

Enclosed are the Company's responses to discovery questions 13380-AB-CE-106 and 107. These responses are being served in hard copy format only on the requesting party and Mr. James T. Selecky. All others will be served with the discovery responses by e-mail. In providing these responses, the Company does not necessarily concede that the requested information is relevant or material to these proceedings. The Company therefore specifically reserves the right to raise objections to the introduction into evidence, through cross-examination or otherwise, of any material supplied pursuant to a discovery request.

The Company intends to supplement a prior response if it becomes aware of a relevant and material error in the response. The Company also intends to supplement a prior response if it becomes aware that there has been a significant change in circumstances unknown to the requesting party, which would substantially alter a prior response in a manner, which is material and relevant to this case. However, the Company does not keep prior responses under continuous review. In an effort to save time in preparing responses to discovery requests, all responses will no longer be notarized.

Enclosed with this transmittal is a copy of your July 9, 2002 interrogatories with our internal numbering system annotated in the margins. This will assist you in cross-referencing and tracking our responses.

Sincerely,

Jon R. Robinson /mkr
