

PETITION

FOR AFFORDABLE PHONE BILLS

Presented to the
Michigan Public Service Commission

July 22, 2004

I respectfully urge the Michigan Public Service Commission, Governor Granholm and the Michigan legislature to oppose any attempt to increase local wholesale telephone rates and reject SBC's attempts to limit access to the local phone network.

Higher rates and limited access will enable SBC to regain monopoly control over local phone service in Michigan, resulting in fewer choices and higher phone bills for millions of consumers and small businesses.

Michigan is a national leader promoting competition in local telephone service – thanks to the pro-consumer policies established by the Michigan legislature and implemented by the Michigan Public Service Commission.

Competition provides diverse choices among service providers, spurs job growth, economic development and lower phone bills for consumers. Please protect Michigan consumers and keep phone bills affordable by rejecting SBC's attempt to raise local wholesale telephone rates.
