CASE NO. U-13715 APPLICATION OF CONSUMERS ENERGY COMPANY FOR
A FINANCING ORDER APPROVING SECURITIZATION

Dear Mr. Strong:

Enclosed are the Company's responses to discovery questions 13715-AB-CE-157 and 13715-AB-CE-158. These responses are being served in hard copy format only on the requesting party. All others will be served with the discovery responses by e-mail. In providing these responses, the Company does not concede that the requested information is relevant or material to these proceedings. The Company therefore specifically reserves the right to raise objections to the introduction into evidence, through cross-examination or otherwise, of any material supplied pursuant to a discovery request.

You refer to these requests as continuing in nature and request supplemental answers be supplied. The Company intends to supplement a prior response if it becomes aware of a relevant and material error in the response. The Company also intends to supplement a prior response if it becomes aware that there has been a significant change in circumstances unknown to the requesting party which would substantially alter a prior response in a manner which is material and relevant to this case. However, the Company does not keep prior responses under continuous review. In an effort to save time in preparing responses to discovery requests, all responses will no longer be notarized.

Sincerely,

John C. Shea
