CASE NO. U-13917 – PSCR PLAN FOR CALENDAR YEAR 2004

Dear Mr. Waters:

Enclosed is the Company's **supplemental** response to discovery question 13917-QF-CE-111. This response is being served in hard copy format only on the requesting party. The attachment to this discovery question is voluminous and will not be scanned and served by e-mail. Parties wishing to obtain a hard copy of the attachment should contact Cheryl Bodenmiller at (517) 788-1646. The Annual Report may also be obtained on the Company's web site at: <http://www.cmsenergy.com/AnnualReport/AR00.asp>. In an effort to save time in preparing responses to discovery requests, all responses will no longer be notarized.

In providing these responses, the Company does not necessarily concede that the requested information is relevant or material to these proceedings. The Company therefore specifically reserves the right to raise objections to the introduction into evidence, through cross-examination or otherwise, of any material supplied pursuant to a discovery request.

The Company intends to supplement a prior response if it becomes aware of a relevant and material error in the response. The Company also intends to supplement a prior response if it becomes aware that there has been a significant change in circumstances unknown to the requesting party which would substantially alter a prior response in a manner which is material and relevant to this case. However, the Company does not keep prior responses under continuous review.

Sincerely,

Jon R. Robinson
