Re: Case No. U-13808, The Detroit Edison Company
Case No. U-14031, Consumers Energy Company

Dear Concerned Citizen:

This is in response to your recent **letter(s)** to the Commission wherein you expressed your interest regarding two cases before the Commission. You encouraged the Commission to order The Detroit Edison Company to invest in lower cost renewable energy in Case No. U-13808, and to order Consumers Energy to expand its "green power" program in Case No. U-14031. Because these cases are now being litigated before the Commission, the Commission cannot by law, respond directly to your comments.

I wanted to update you on action taken by the Michigan Public Service Commission at its 5/18/2004 meeting relating to renewable energy. In Case No. U-12915, the Commission issued an order that approved the MPSC Staffs Michigan Renewables Energy Program 2003 report and directed Commission Staff to file its Michigan Renewables Energy Program 2004 report by November 30, 2004. The Commission further ordered regulated utilities with more than 250,000 customers in Michigan other than Consumers Energy Company to issue requests for proposals for renewable energy resources or for agreements with the third party suppliers who provide green power turnkey operations. Consumers Energy is exempt **from** this requirement because of a Commission order in Case No. U-13843, which directed the company to implement a new renewable resources program. For **further** information regarding these cases, please refer to our **website** at: www.michigan.gov/mpsc.

Thank you for your comments. Please be assured that your **letter(s)** have been placed in our files for these cases and are available to the Commission for review.

Sincerely,

Mary Jo Kunkle
Executive Secretary
