Re: The Application of American Broadband and Telecommunications Company for designation as an Eligible Telecommunications Carrier pursuant to Section 214(e)(2) of the Communications Act of 1934 for its wireless offerings.
MPSC Case No. U-16519

Dear Ms. Kunkle:

Enclosed for filing, please Proof of Service of, and a copy of, American Broadband and Telecommunications Company's updated Certification Letter to each County 9-1-1 Coordinator in Michigan "explaining the Lifeline service, with information on American Broadband's product and service specifications, and including a letter from American Broadband's resale partners, Sprint PCS . . . , stating that they will be providing the 9-1-1 service to American Broadband's customers," as required by the Michigan Public Service Commission's June 26, 2012 Order in the above-captioned proceeding.

Very truly yours,

CLARK HILL PLC

Haran C. Rashes

STATE OF MICHIGAN

BEFORE THE MICHIGAN PUBLIC SERVICE COMMISSION

The application of)
American Broadband and Telecommunications)
Company for designation as an Eligible)
Telecommunications Carrier pursuant to Section)
214(e)(2) of the Communications Act of 1934)
for its wireless offerings.)

Case No. U-16519

PROOF OF SERVICE

Janice M. Wilbrink, being first sworn, deposes and states that on January 27, 2014, copies of a American Broadband and Telecommunications Company’s updated Certification Letter to each County 9-1-1 Coordinator in Michigan “explaining the Lifeline service, with information on American Broadband’s product and service specifications, and including a letter from American Broadband’s resale partners, Sprint PCS . . . stating that they will be providing the 9-1-1 service to American Broadband’s customers” as required by the Michigan Public Service Commission’s September June 26, 2012 Order in the above-captioned proceeding, was served upon all 9-1-1 Dispatch Center and Public Safety Answering Points contained on the attached list, as obtained from the Michigan State Emergency 9-1-1 Service Committee’s website at:

http://www.michigan.gov/documents/msp/Primary_PSAPs_430168_7.pdf

via United States Postal Service First Class Mail and electronic mail.

VIA ELECTRONIC AND FIRST CLASS MAIL

County 9-1-1 Coordinator
Public Safety Answering Point
State of Michigan

Re: In the matter of the application of American Broadband and Telecommunications Company for designation as an eligible telecommunications carrier pursuant to Section 214(e)(2) of the Communications Act of 1934 for its wireless offerings. MPSC Case No. U-16519

Dear 9-1-1 Coordinator:

On June 26, 2012, the Michigan Public Service Commission (“Commission”) issued an Order (“Order”) granting the Application of American Broadband and Telecommunications Company (“American Broadband”) for designation of wireless service areas for purposes of receiving Universal Service Fund (“USF”) support for its wireless services in the State of Michigan.

As a condition of such grant, American Broadband is required to:

submit a certification letter to each county 9-1-1 coordinator in Michigan explaining the Lifeline service, with information on American Broadband’s product and service specifications, and including a letter from American Broadband’s resale partners, Sprint PSC and Verizon Wireless, stating that they will be providing the 9-1-1 service to American Broadband’s customers.

This letter serves as an update to that certification.

American Broadband

American Broadband has been providing customers throughout Michigan and the Midwest with the most comprehensive and innovative suite of communication services since 2004.

As one of the largest competitive local exchange communications companies in the region, American Broadband is able to offer business and residential customers alike with telecommunications solutions built to fit their unique needs and at extremely competitive prices. And, as a local provider, we take pride in delivering these solutions with top-notch customer service to our neighbors throughout the Midwest.

American Broadband Regulatory contact, its President, Jeffrey S. Ansted. Mr. Ansted, can be reached at:

American Broadband & Telecommunications
1 Seagate, Suite 600
Toledo, OH 43699
Phone: 419.824.5810
Fax: 419.205.9014
E-Mail: JAnsted@ambt.net

In the unlikely event that a Public Safety Answering Point needs after-hours contact to American Broadband, American Broadband can be reached twenty four hours a day at 866.966.2628. American Broadband's Website for its land-line offerings is located at: <<http://www.ambt.net/>> and includes relevant information regarding American Broadband's landline offerings, including lifeline offerings, and outlines the terms and conditions of such plans pursuant to the FCC's rule 47 CFR 54.422. American Broadband's Website for its wireless offerings, marketed under the name American Assistance, is located at: <<http://www.americanassistance.com/>> and includes relevant information regarding American Broadband's wireless offerings, including lifeline offerings, and outlines the terms and conditions of such plans pursuant to the FCC's rule 47 CFR 54.422.

The Lifeline Program

Since 1985, the Lifeline program has provided a discount on phone service for qualifying low-income consumers to ensure that all Americans have the opportunities and security that phone service brings, including being able to connect to jobs, family and emergency services. In 2005, Lifeline discounts were made available to qualifying low-income consumers on pre-paid wireless service plans in addition to traditional landline service. Lifeline is part of the Universal Service Fund.

The Lifeline program is available to eligible low-income consumers in every state, territory, commonwealth, and on Tribal lands. Consumers with proper proof of eligibility may be qualified to enroll. To participate in the program, consumers must either have an income that is

at or below 135% of the federal Poverty Guidelines or participate in one of the following assistance programs:

- Medicaid;
- Supplemental Nutrition Assistance Program (Food Stamps or SNAP);
- Supplemental Security Income (“SSI”);
- Federal Public House Assistance (Section 8);
- Low-Income Home Energy Assistance Program (“LIHEAP”);
- Temporary Assistance to Needy Families (“TANF”);
- National School Lunch Program's Free Lunch Program;
- Bureau of Indian Affairs General Assistance;
- Tribally-Administered Temporary Assistance for Needy Families (“TTANF”);
- Food Distribution Program on Indian Reservations (“FDPIR”);
- Head Start (if income eligibility criteria are met); or
- State assistance programs (if applicable).

Federal rules prohibit eligible low-income consumers from receiving more than one Lifeline discount per household. An eligible consumer may receive a discount on either a wire line or wireless service, but not both. A consumer whose household currently is receiving more than one Lifeline service must select a single Lifeline provider and contact the other provider to de-enroll from their program. Consumers violating this rule may also be subject to criminal and/or civil penalties.

The Lifeline program is administered by the Universal Service Administrative Company (“USAC”). USAC is responsible for data collection and maintenance, support calculation, and disbursement for the low-income program. USAC’s website provides information regarding administrative aspects of the low-income program, as well as program requirements.

American Broadband’s Wireless Lifeline Offerings

American Broadband offers the following prepaid wireless service plans for its Michigan Lifeline subscribers:

- Qualified applicants can receive a FREE cell phone, 250 FREE monthly minutes and 250 FREE text messages.
- In addition, American Broadband offers a plan for \$9.25 per month for 250 voice minutes and 250 texts.

No matter which plan, customers choose or are eligible for, calls to 911 are free of charge and work even when all 250 voice minutes have been used.

All plans include, at no extra charge, a E-9-1-1 Compliant Handset, 250 “anytime” nationwide minutes that can be used for domestic calls, including local or intrastate/interstate

long distance calls, 250 Text Messages Per Month, Caller ID, Call Waiting, 3 Way Calling, and Voicemail.

American Broadband's subscribers in Michigan may purchase additional minutes on a prepaid basis in denominations of \$6.99 (100 minutes), \$9.99 (250 Minutes of use and 250 Text Messages), \$19.99 (500 Minutes of use and 500 Text Messages), and \$29.99 (1,000 Minutes of use and 1,000 Text Messages).

9-1-1 Service to Customers

At the present time, American Broadband utilizes Sprint Spectrum L.P. ("Sprint") as its underlying carrier to provide wireless services to American Broadband's customers in the State of Michigan. Though customers' wireless telephone calls are carried by Sprint, American Broadband resells such service and markets its service under its own brand. Pursuant to its agreements with Sprint, any 9-1-1 and E-9-1-1 call made by an American Broadband customer is routed to the appropriate Public Safety Answering Point in the same manner as Sprint routes such calls made by its own customers.

Attached hereto is a letter from Sprint's Director of Sales, Emerging & Wholesale Solutions, Thomas K. Alesi, certifying such 9-1-1 and E-9-1-1 routing for American Broadband's customers.

Conclusion

American Broadband looks forward to continuing to offer its services, including wireless lifeline service, to customers throughout Michigan. If you have any questions regarding lifeline, American Broadband's service offerings, or how American Broadband (through Sprint) routes its customers' 9-1-1 and E-9-1-1 calls, please do not hesitate to call American Broadband's President, Jeffrey S. Ansted at 419.824.5810.

Very truly yours,

CLARK HILL PLC

Re: Private Label Services Agreement between Sprint Spectrum L.P. (“Sprint”) and American Broadband and Telecommunications Company (“ABT”) with an Effective Date of August 8, 2011, as amended (the “Agreement”) – 911 and E911 Service

Dear President:

As requested by ABT, this letter sets forth details regarding Sprint’s routing of E911 (as defined below) calls from ABT’s End Users (as defined in the Agreement). As set forth in the Agreement, Sprint provides wireless services to ABT on Sprint’s network and ABT resells such wireless services to its End Users under ABT’s “ABT Mobile Essential” and “American Lifeline Essential” brands (“**Private Label Service**”).

Sprint currently routes 911 calls from customers to the Public Safety Answering Points (“**PSAPs**”) in each state. ABT’s End Users that receive the Private Label Service will have access to 911 and enhanced 911 (“**E911**”) service. In this regard, Sprint hereby confirms that it routes 911 and E911 calls from ABT’s End Users utilizing the Private Label Service to PSAPs in the same manner as Sprint routes 911 and E911 calls from its own customers.

In accordance with the applicable Federal Communications Commission (“**FCC**”) requirements, Sprint has engaged in 911 testing with PSAPs to confirm access to 911 and E911 service. Thus, as a wholesale customer of Sprint, ABT’s End Users utilizing the Private Label Service will have the same access to 911 and E911 service as Sprint’s own customers.

Sincerely,

A handwritten signature in black ink that reads "Thomas K. Alesi". The signature is written in a cursive, flowing style.

Thomas K. Alesi
Director of Sales, Emerging & Wholesale Solutions
