At the January 27, 2015 meeting of the Michigan Public Service Commission in Lansing,  
Michigan.

PRESENT: Hon. John D. Quackenbush, Chairman  
Hon. Greg R. White, Commissioner  
Hon. Sally A. Talberg, Commissioner

**ORDER**

Public Act 295 of 2008, MCL 460.1001 *et seq.* (Act 295) requires all providers of electric service in this state to make certain renewable energy filings with the Commission. Section 25 of Act 295, MCL 460.1025 requires all municipally-owned electric utilities (MOEUs) to file a proposed renewable energy plan (REP), which is reviewed by the Commission after an

opportunity for public comment. MCL 460.1025(4) provides that every two years after the initial REP is approved, the Commission shall review the REP after an opportunity for public comment.

MCL 460.1023 requires all alternative electric suppliers (AESs) and member-regulated cooperatives (MRCs) to file a proposed REP, which is reviewed by the Commission after an opportunity for public comment. MCL 460.1023(4) provides that every two years after the initial REP is approved, the Commission shall review the REP after an opportunity for public comment.

MCL 460.1051(1) requires all electric providers to file renewable energy annual reports by a date determined by the Commission. MRCs, MOEUs, and AESs are not subject to an REP reconciliation requirement. This order establishes the next date for each MRC, MOEU and AES biennial renewable energy plan review filing and annual report.

The Commission previously found and continues to find that AESs that are not serving customers shall file an initial REP and a biennial statement indicating whether they are serving retail customers in Michigan. AESs that are not serving customers do not have parties to notify and an opportunity for public comment is not required.

For administrative efficiency and to simplify renewable energy filing activities for electric providers, a single case number for each of the above-captioned electric providers was previously established for all renewable energy filings pursuant to Act 295. Attachment A provides the dates for the next REP and annual report filings for each electric provider.

THEREFORE, IT IS ORDERED that biennial renewable energy plan and annual report filing dates are established for each of the above-captioned electric providers as shown on Attachment A.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order under MCL 462.26.

MICHIGAN PUBLIC SERVICE COMMISSION
