June 5, 2012

To The Commission:

I could not attend the hearing today, but wanted to express my concerns for The Enbridge Pipeline.

I am Township Trustee for Unadilla Township, the neighboring community to Stockbridge and Iosco. My job is to look out for the health and safety of our residents. I am adamantly opposed to the expansion of Line 6B and believe that it should be shut down. Enbridge has proven to be negligent in areas of their operations. In addition, the investigation into the spill that occurred in Marshall Michigan is still not complete, as well as a report into the effects of Tar sand Oil.

I would hope you will consider these outside reports, so you can make the best informed decision on the expansion project.

Sincerely,

Lori Cowan
