**ANNUAL REPORT OF GLOBAL CONNECTION INC. OF AMERICA d/b/a STAND UP  
WILRESS AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER**

In accordance with the April 18, 2012 Directive of the Michigan Public Service Commission's ("Commission" or "MPSC") Telecommunications Division and the Commission's February 8, 2010 Order in Case No. U-16085, Global Connection Inc. of America, d/b/a Stand Up Wireless ("Stand Up Wireless") hereby files this Annual Report ("Report") of its compliance with the requirements to remain an eligible telecommunications carrier ("ETC"), and requests continued certification as an ETC for purpose of receiving universal service fund ("USF") support in 2013.

The Commission in its October 18, 2005 Order in MPSC Case No. U-14530 adopted new requirements adopted by the Federal Communications Commission's ("FCC") Report and Order in *In re Matter of Federal-State Joint Board on Universal Service*, FCC 05-46; 20 FCC Rcd 6371 (rel'd March 17, 2005) ("FCC 05-46"). In the April 13, 2006 Order, the Commission required existing ETCs to submit annual reports to address their compliance with the Commission's ETC requirements.

In an order dated June 26, 2012 in Case No. U-16577, Stand Up Wireless received the Commission's approval as a wireless ETC eligible to receive Lifeline support from the USF in its service area in Michigan. Stand Up Wireless hereby

reaffirm its commitment to comply with the service requirements contained in the FCC report and Order 11-161 (rel'd October 27, 2011), the Compliant Plan that the FCC approved, this Commission's October 18, 2005 order in Case No. U-14530 and April 17, 2012 order in Case No. U-17019.

Stand Up Wireless submits this Report to comply with the Commission's April 18, 2012 Directive and states as follows:

### **1. Contact Information**

Stand Up Wireless' full name, contact and address are set forth below:

David Skogen, CEO  
Global Connection Inc. of America d/b/a Stand Up Wireless  
5555 Oakbrook Parkway, Suite 620  
Norcross, GA 30093  
Phone: 678-741-6213  
Fax: 678-741-6333  
Email: dskogen@globalconnectioninc.com

### **2. Wire centers**

As stated above, Stand Up Wireless requests that the Commission re-designate areas served by AT&T Michigan (Study Area Code or SAC 315090), Frontier North, Inc. (SAC 310695) and Frontier Midstates, Inc. (SAC 313033) in Michigan as the "service area" in which Stand Up Wireless may receive the USF support from the low income program. The Federal Communications Act of 1934, as amended, and the FCC rules define the term "service area" as a "geographic area established by a State commission for the purpose of determining universal service obligations and support mechanisms." 47 U.S.C. § 214(e)(5); 47 C.F.R § 54.207(a). Attached to this annual report as Exhibit A is a list of wire centers in Michigan in which Stand Up Wireless requests re-designation of its ETC status.

### **3. Five-year Improvement Plan**

Stand Up Wireless only seeks Lifeline support, and therefore, is not required to file a five-year plan in its annual report.

### **4. Stand Up Wireless is able to function in emergency situations.**

Stand Up Wireless obtains services from commercial mobile radio service (“CMRS”) providers in combination with some ancillary services provided through its own facilities. Stand Up Wireless resells Sprint and Verizon Wireless’ services through its mobile virtual network operator (“MVNO”) vendor, Ready Mobile, LLC of Hiawatha, IA. This arrangement allows Stand Up Wireless to provide to its customers the same ability to remain functional in emergency situations as currently provided by Sprint and Verizon Wireless to their own customers, including access to a reasonable amount of back-up power to ensure functionality without an external power source, rerouting of traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.

### **5. Stand Up Wireless is committed to consumer protection.**

- a. Stand Up Wireless affirms its commitment to satisfy applicable FCC and this Commission’s consumer protection and service quality standards if re-certified as an ETC. Stand Up Wireless will comply with the service requirements contained in the FCC report and Order 11-161 (rel’d October 27, 2011), the Compliant Plan that the FCC approved, this Commission’s October 18, 2005 order in Case No. U-14530 and April 17, 2012 order in Case No. U-17019.

Stand Up Wireless is in the process of submitting a certification letter to each county 9-1-1 coordinator in Michigan explaining Lifeline service, with information

on Stand Up Wireless' product and service specification, and a letter from Sprint and Verizon Wireless stating that they will provide the 9-1-1 service to Stand Up Wireless' customers.

- b. Stand Up Wireless affirms its commitment to comply with the Cellular Telecommunications and Internet Association's Consumer Code.
- c. Stand Up Wireless will pass through all state and federal Lifeline discounts to qualified customers. Its advertisement will comply with all form and content requirements, if any, promulgated by the FCC or this Commission and required of all designated ETCs. Stand Up Wireless will advertise its Lifeline product in media of general distribution. Attached as **Exhibit B** is a sample advertisement Stand Up Wireless will distribute to reach potential customers. Stand Up Wireless has also advertised its product on its website at <http://www.standupwireless.com/index>

**6. Stand Up Wireless Local Usage Plans**

- a. Stand Up Wireless' rate plans are set forth below.
- b. and c. Stand Up Wireless' rate plans do not differ within its service area in Michigan.

## **7. Equal Access**

Pursuant to any applicable requirements of local, state, or federal statutes or regulations, Stand Up Wireless acknowledges that it may be required to provide equal access and assume the responsibilities of carrier of last resort in the event that the current carrier of last resort leaves Stand Up Wireless' designated service area.

## CONCLUSION

Based on all the information set forth above, Global Connection Inc. of America d/b/a Stand Up Wireless has demonstrated that it satisfies the requirements under both the FCC's rules and the Commission's rules and regulations. Stand Up Wireless therefore respectfully requests that the Commission issue an appropriate certification to the FCC indicating that Stand Up Wireless is in compliance the new criteria as set forth in 47 CFR 54.202, 54.209, 54.313 and 54.314 and should be eligible for federal universal service fund for Lifeline support for the entire 2013 funding year.

Respectfully submitted,

Global Connection Inc. of America

d/b/a Stand Up Wireless

### IMPORTANT

### LIFELINE WIRELESS SERVICE INFORMATION:

Lifeline is a government assistance program. **Only one Lifeline service is available per household.** A violation of the one-per-household limitation constitutes a violation of the Federal Communication Commission's rules and will result in your de-enrollment from the program. **Your household is not permitted to receive multiple Lifeline benefits** whether they be from one or multiple companies. This includes wireline and wireless services. **Lifeline is a non-transferable benefit.** You may not transfer your benefit to any other person. **You must activate your service. You must use your phone to continue to receive service.** Should you not use your service for 60 days you will be de-enrolled. **Lifeline is a federal benefit.** Willingly making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program. **Proof of eligibility is required and only eligible customers may enroll.** Proof may consist of eligible program card or statement of benefits.

• No Contract • No Credit Check • No Activation Fee
