Re: Case No. U-18137

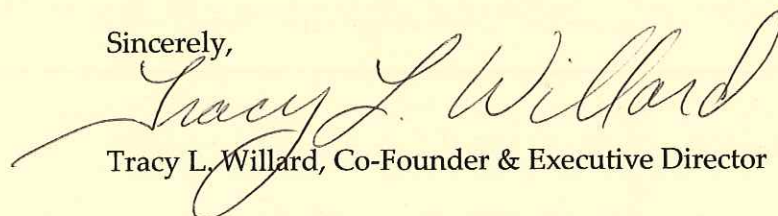

Dear Commissioners,

It is a pleasure to write on behalf of Hunter Hospitality House, a Michigan non-profit organization, to support the notion of, and application of the 2-1-1 Northeast Michigan "2-1-1" dialing code as an accessible line of information and referral for St. Clair County communities.

As an organization that centers itself on serving individuals who at times commute from non-local communities, it would be helpful to provide our guests with the knowingness of reachable resources through a simple dialing code like "2-1-1."

The effectiveness of 2-1-1 will invariably connect people to vital information on health and human resources. Therefore, Hunter Hospitality House would like to support the application of the "2-1-1" dial code for Michigan Call Center.

Sincerely,

Tracy L. Willard, Co-Founder & Executive Director

*Our Mission...*

*The mission of Hunter Hospitality House is to provide a welcoming, relaxing home away from home, steps away from the hospital, for those in need of restoration while their loved ones are patients, or for individuals currently receiving out-patient treatment who are in need of local lodging.*
