At the January 23, 2020 meeting of the Michigan Public Service Commission in Lansing, Michigan.

PRESENT: Hon. Sally A. Talberg, Chairman
Hon. Daniel C. Scripps, Commissioner
Hon. Tremaine L. Phillips, Commissioner

ORDER

Talk America Services, LLC (TAS) is licensed to provide basic local exchange service throughout the state of Michigan pursuant to the February 12, 2015 order in Case No. U-17707. On August 19, 2019, TAS filed a notice in this docket pursuant to Section 313(5) of the Michigan Telecommunications Act (MTA), MCL 484.2313(5), proposing to discontinue basic local exchange and toll service to all of its existing customer base in Michigan effective January 6, 2020. As of January 10, 2020, TAS reported that it has 1,768 customers.

On December 19, 2019, the Commission issued an order in this case (December 19 order) acknowledging that TAS stated that it provided three separate discontinuance of service notices to customers and that TAS demonstrated compliance with the notice requirement set forth in Section 313(5)(a) and (b) of the MTA. December 19 order, pp. 2-3. Additionally, in the December 19 order, the Commission found that TAS complied with the federal requirements set forth in 47 CFR

63.71(a)(5)(i) and (f)(1) by publishing the discontinuance notice and informing customers of the ability to comment. *Id.*, pp. 4-5. The Commission noted that no comments were filed in the federal case and, after the 31st day had passed, TAS was granted discontinuance by the Federal Communications Commission. *Id.*, p. 5.

Five customers filed comments in this case indicating that they were having trouble finding comparable voice service, and one customer requested that the Commission investigate the availability of comparable voice service with reliable access to 9-1-1 and emergency services. The Commission also received 12 informal complaints to the Commission's Customer Complaint Hotline and web complaint portal concerning the lack of availability of alternative providers in the absence of TAS's service. Accounting for overlap with the filed comments, the Commission received comments or informal complaints from 13 current TAS customers. As a result, the Commission commenced an investigation, pursuant to Section 313(6) of the MTA, into the availability of comparable voice service with reliable access to 9-1-1 and emergency services for current TAS customers. In the December 19 order, the Commission directed all incumbent local exchange carriers and competitive local exchange carriers operating in TAS's service area as defined in TAS's tariffs to, no later than 5:00 p.m. (Eastern time) on January 16, 2020, file statements in this docket listing all of the specific types of comparable voice service with reliable access to 9-1-1 and emergency services that they provide in that service area. The Commission also requested that all voice over internet protocol providers and wireless service providers operating in TAS's service areas as defined in TAS's tariffs to provide the same information in this docket by the same date. December 19 order, pp. 5-6. In light of the commencement of this investigation, the Commission urged TAS to delay discontinuance. It is the Commission's understanding that TAS has delayed the discontinuance until February 3, 2020.

Pursuant to the December 19 order, over 80 providers filed statements on or before January 17, 2020. Exhibit A to this order lists alternative providers and a summary of the specific types of comparable residential voice service with reliable access to 9-1-1 and emergency services provided in the TAS service areas, or portions thereof, which shall be posted by the Commission Staff to the Commission's website at <https://www.michigan.gov/mpsc/>. Concurrent with this order, the Commission will issue a press release, a consumer alert, and social media announcements to inform TAS customers who wish to convert to an alternative provider with available comparable service options.

THEREFORE, IT IS ORDERED that the Commission Staff shall post to the Commission's website at <https://www.michigan.gov/mpsc/> a summary list, set forth in Exhibit A to this order, of alternative providers and the specific types of comparable residential voice service with reliable access to 9-1-1 and emergency services, available in the Talk America Services, LLC service areas, or portions thereof.

The Commission reserves jurisdiction and may issue further orders as necessary.

MICHIGAN PUBLIC SERVICE COMMISSION

Sally A. Talberg, Chairman

Daniel C. Scripps, Commissioner

Tremaine L. Phillips, Commissioner

By its action of January 23, 2020.
